

Readme.txt file for the CD  
containing the  
Application for New License  
with Preliminary Draft Environmental Assessment  
for California Department of Water Resources  
Oroville Facilities (FERC Project No.2100)

Explanation of contents and organization of the CD

#### Contents

This CD contains the transmittal cover letter and folders for all the public Volumes (Volumes I, III, IV, V, VI and VII) of the License Application.

Volume I: Application and Technical Exhibits: Part 1 – Exhibits A, B, C, D and H

Volume III: Preliminary Draft Environmental Assessment (PDEA)

Volume IV: PDEA Appendices: Part 1 – Appendices A through F

Volume V: PDEA Appendices: Part 2 – Appendix G

Volume VI: PDEA Appendices: Part 3 – Appendices H and I

Volume VII: PDEA Appendices: Part 4 – Figures Volume

(Note: Volume II contains Critical Energy Infrastructure Information (CEII) material under 18 C.F.R. § 388.113(c) (2004) and is being provided to FERC only. Under FERC's Order No. 630-A it is being withheld from public viewing. To view this information, a CEII request may be filed under the provisions of 18 C.F.R. Section 388.113 or a FOIA request may be filed under 18 C.F.R. Section 388.108.

The California Public Records Act does not require the disclosure of any record the disclosure of which is exempted or prohibited pursuant to federal law (Cal. Govt. Code Section 6254(k)).)

#### Organization

Each Volume-folder contains several PDF files that are organized in such a manner as to represent the paper filing. Each Volume has a "Cover.pdf" and an "Inside Cover and Table of Contents.pdf" that list all Volumes and highlight in bold the respective Volume.

The Exhibit PDF files and the PDEA PDF files have bookmarks and are internally linked, so that one can

- 1) click on a bookmark for a section and be transported to the respective section automatically and
- 2) select a section in the table of contents and also be directly transported to the respective section.

#### File formats

All files on this CD (except for this readme.txt file) are PDF files that can be viewed with Acrobat Reader.

#### Naming Convention

All files are named in sequence and file names include the Volume they are associated with and a descriptive title (for example: 001\_Vol I\_Cover.pdf).

The file names in Volume VII, the Figures Volume of the PDEA, also include the FERC Project Number (for example: P2100\_004\_Vol VII\_Figure I-1.pdf).
